

boero.premium 1229

Model Code F5671

date of issue 23-03-23 revision 00
revision of 20-12-23 (the present replaces any previous versions)

Designer: centro studi interno

Structure: pinewood, masonite, multilayer, and plywood covered with ecological polyurethane foam covered with 100% polyester layer. Backrests rest on a metal mechanism*.

Spring system: elastic webbing.

Seat Padding: seat cushions in ecologic polyurethane foam covered with 100% polyester layer.

Back Padding: back cushions in ecologic polyurethane foam covered with 100% polyester layer.

Arm Interior: in ecologic polyurethane foam covered with 100% polyester layer.

Removability: not available; loose seat cushions.

Sewing: cuts and sewing on leather* coverings differ from cuts and sewing on microfiber coverings (line drawings show cuts on leather versions). All coverings (leather, fabric and microfiber) feature a decorative sewing called n. 8_1 AGO (needle) on seat cushions, backrests and armrests, also available with contrast stitching in the colors available.

Mechanisms: * the model is equipped with manually liftable armrests and manually adjustable backrests so, that the seat depth can be increased by 42 cm. An additional mechanism inside the backrests allows the headrest area to be tilted forward. The total depth of the model with backrests positioned outward is 150 cm (189 cm on chaise long versions and 133 cm on version BS3).

Components: versions "table" and "table term." feature a prolonged area of the sofa base, equipped with a coffee table element in metal with marble texture effect and a structure with graubraun finish; alternatively, upon request and with a price upcharge, it is also possible to choose among the following finishes: satinized, titanium and copper. Coffee table layer in marble texture effect, also available - with a price upcharge - in glass with bronze finish.

Standard feet: standard metal feet PM2187 with Graubraun finish, h. 13.5 cm. Alternatively, it is possible to choose among the standard finishes available on the sample book. The sample book also includes "special" finishes available with a price upcharge, subject to production approval. Some versions may be equipped with hidden feet with a supporting structural function.

We reserve the right to amend materials, covers and product dimensions shown on the data sheet, for production purposes and without prior notice. The line drawings, graphic information, dimensions, and volume provided are approximate and may vary due to the tolerances allowed in the production process with a view to improvements. The following maximum load values are recommended under normal use: armchairs max. 120 kg, 2-seater sofas max. 200 kg (2x100 kg), 3-seater sofas max. 240 kg (3x80 kg). Exceeding the recommended load may cause a structural failure of the sofa/armchair or its components.

Density of seat and back kg/cbm (±5%) (1)

Markets	Seat	Back
I	30 Medium	27
D - NL - CH	30 sostenuto hard	28 hard
USA - California	30 soft	27 soft
GB	37 fire retardant	31 fire retardant
Others		

(1) Density: volume mass apparently determined on materials without any kind of covers and according to the UNI EN ISO 845 regulations. Indicated values refer to production averages; the Company reserves the right, if needed, to make changes to the declared technical characteristics. Before use, it is advisable to look at the SAFETY INFORMATION TECHNIQUE for info regarding use and protection of people and of the environment, in compliance with existing EEC regulations.
